Thank you for purachsing the Magic Hut and supporting me!
You are not allowed to distribute or re-sell this item.

How to Install:

1. Download MyMeets from the website https://tamatown.com/downloads/ and extract its contents into a folder (e.g. using WinRar).
2. Place the “magic_hut.txt” file into the assets/items/jp/ folder.
3. Open MyMeets and go to Stations.
4. Click on the “Magic Hut” item and click on send.
5. Follow the instructions on the screen and you’re done!

As for Tamagotchi ON it’s: Heart Icon “Connection” > App > Download

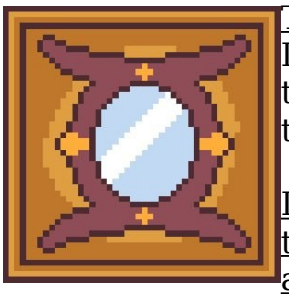
Items

Hourglass
Use this item in order to make your tama grow up instantly. You can use this until adulthood.

Love Potion
Makes your tama instantly attractive to all the other tamas if it’s an adult and lets the other tamas propose to your tama instantly. If your tama is not an adult, it will raise the friendship level.

World Key
Unlocks all the available locations on your tamagotchi device as well as the available menu banners.

Happiness Potion
Instantly raises your tamas happiness and hunger to a maximum and removes status effects such as attention.



Twin Mirror
If you don’t have a twin, the twin mirror will give your tama twin. If you already have a twin, the twin mirror will remove this twin.

Important: If your tama is a teen and you use the twin mirror, the twin will look like a baby. As soon as your tama becomes adult, the twin will be adult as well.

Wealth Stone
Sets your gotchi points to 99.999 gotchi points.

** NEW ** Color Palette:
This items lets you recolor your tamagotchi to your likings!
It also supports outlines except for the Magic/Fairy/Sanrio models.
